MOVEMENT²⁰₂₄

Every day, we have the opportunity to meet and experience the living God. As we read in the Bible, we see countless stories of how God is a living and moving God, one full of making ways and stirring up miracles. This winter season, we are diving into the stories of the extraordinary life of Jesus, and how he came to live up close and personal with us.

Jesus' life is one of incredible moments of movement. The story of how Jesus turned an ordinary morning on the job fishing into an extraordinary catch. The story of how Jesus again turned an ordinary meal made for two into an extraordinary abundant feeding of the thousands. Most importantly, the story of Jesus moving out of the grave and into a resurrected life! Jesus came down to earth, walked along ordinary people and moments, but turned everything into an extraordinary life with him.

ACTIVITIES:

Climbing tower, zipline, giant swing, tubing, broomball, ice skating, sledding, indoor climbing wall, open gym, bounce castle, game room, coffee shop, snack shop, Stumpball, polar bear dip, target sports and so much more available on Winter Camp weekends!

DIVINE RESONANCE

God Glorifying MidWest Alt-Rock

After Jake O'Marrah (lead vocals) came on board it became more than just an afternoon jam, it became Divine Resonance. Since then they have added Gabe Douglas (keys) and James Markham (bass) to their ranks, have defined their sound, played shows and festivals, won contests, and released an album.
